

SHOP COMFORTABLY

The farmers market season is in full swing! We want you to feel safe and comfortable while you shop and find a friendly, active place to spend the morning.

We are adding new vendors, locally grown produce, and ready to eat food every week.

This past weekend we had nearly 50 vendors, and that was just our half of the Minneapolis Farmers Market!

Our staff and our vendors are taking all the necessary and appropriate steps to keep the market safe and clean.

Every vendor at the Farmers Market Annex is a small business. Please come support these local small businesses; help them survive, grow and thrive!

The weather is nice and you've walked around the lake like 100 times. A change of scenery and some good conversation is what we all need right now.

The Chicken misses you. Stop by, say hi!

We miss you too! We hope you'll choose to visit the Farmers Market this weekend, and all though out the rest of the summer and fall. We'll be here ready to welcome you back!

Thank you for choosing to be a part of the Farmers Market Annex and supporting small, family businesses!
