We are a family friendly market and welcome everyone to visit! See what makes us a Next Generation Farmers Market!

Yes, it's true, Mother's Day is THIS Sunday. Yea, like 4 days from now. So it's time to stop procrastinating and go get those special moms in your life a little something, and there is no better place to find that something than at the Farmers Market Annex!

This is our biggest weekend of the year. There will be over 70 vendors at the market this weekend! You will have an amazing array of craftspeople, chefs, growers, and entrepreneurs of all kinds here to find any mom the perfect gift. Get her a new outfit, some lotions, a fresh bouquet, maybe she's crazy for hot sauce or fettuccine, we got all this and much more!

What's best is you're keeping it local. All our vendors are local, small businesses. Even if you see a national brand here, it's a small, independent franchisee. So not only can you get mom something amazing, but you can feel really great about supporting local businesses!

Thanks to everyone who visited the market the first two weekends, and we look forward to everyone visiting this Mother's Day weekend!

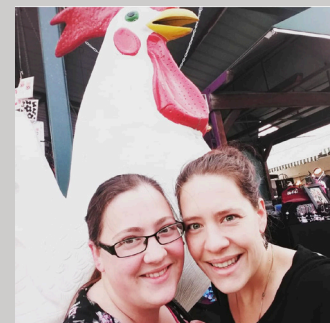

Take Mom To Brunch

Do you have the mother who has everything? Well, even she gets hungry. Why not take her to brunch at the farmers market? We have over a dozen concession vendors who are sure to appease mom, whatever her appetite! This includes many vendors back this season after taking last year off. Feel free to grab a table and eat it here at the market, or take it to go and eat it at home. Make mom, and her taste buds, happy this Mother's Day.

Take a pic by the chick, then share it with us!

Minneapolis Pet Market

One new addition to the farmers market community is the Minneapolis Pet Market, hosted by Unleashed Hounds and Hops. It will be set up inside their space in the warehouse at the Annex, right next door to Market Flowers. There you will find a wonderful mix of pet specific vendors with everything for your pup (or cat or ferret or canary or tiger, whatever your pet). Stop in and check them out this weekend, or anytime this Summer when you come visit the farmers market.

Mother's Day Flowers

The quintessential Mother's Day gift is a beautiful, fresh bouquet of flowers, and Market Flowers has you covered once again! They will have hundreds of fresh made bouquets waiting for mom. Want to spice it up from a mixed bouquet? They will have roses, lilies, sunflowers, carnations, and peonies (not Minnesota yet, but still, peonies!) and many, many other great fresh flowers to give to mom on their own, or mixed together.

Stop in the warehouse and visit Market Flowers, or find their two pop up stands outside in the farmers market.

Local Produce Is Here!

The first local produce should arrive at the farmers market this weekend! Rhubarb, asparagus, green onions, lettuce and herbs will be first of this year's crop to arrive. The rest of our fantastic Minnesota Grown produce will come into season in as we get into June. We know you're clamoring for some fresh radishes, but don't worry, those, and so much more, are right around the corner!
