

## 2012 Growers Addendum

Growers who bring in produce from a wholesaler to re-sell at the Farmers Market Annex are no longer eligible for our special "Grower" rate. They will immediately be charged \$500 to get them to "re-seller" category pricing and will be required to obtain the proper Market Distributor license from the City of Minneapolis before they will be allowed to sell again at our market. The Farmers Market Annex can invoke this clause based upon empirical evidence and it is up to the grower to prove otherwise.

I, the undersigned, understand that all produce and flowers I bring to sell at the Farmers Market Annex must be from my own farm or garden, or rented property, and that at no time am I allowed to buy produce or flowers to bring to the Farmers Market Annex to re-sell without prior permission and the proper licensing from the City of Minneapolis.
