

FARMERS MARKET OPEN

The farmers market season has arrived! The Farmers Market Annex will be open starting this weekend from 7am - 1pm and we will be open every weekend from now till October 27th! So what's here?

Concession food! The Tastiest Market in Town is back! Get your first breakfast burritos, papaya salads, and crepes of the year! Or try our new gyros, BBQ, or more!

Non concession food! Want to bring something home to cook for dinner or to eat as a treat later, we once again have you covered!

Clothing & Jewelry! All the clothing, jewelry and accessories you've come to expect here at the market are back and as fashionable as ever!

Hand crafted stuff! Stuff doesn't sound exciting, but it covers the huge range of handmade crafts we have from wood bowls, to pottery, to jewelry, to candles, to henna (literally crafted on your hand)!

Specialty vendors! What makes us unique is we are open for anyone to sell whatever they want to specialize in! So you can find pain relief creams, home improvement help, scented oils and much, much more!

What's not here? Growers! As your mostly brown lawn reminds you every morning, not a lot grows in Minnesota in April! You will have to wait a few more weeks before the first asparagus, lettuce, herbs and other spring produce start arriving!

So why aren't you here? Well, if you're reading this before Saturday, it's cause we aren't open yet, but if it's Saturday or later, you have no excuse! Get down here and ring in the new market season!

Market Flowers Is Open!

The farmers market isn't all that's back. Market Flowers opened for their 2019 season TODAY! Their coolers are stocked with fresh cut flowers and greens. Even the first DIYers of the year are here working. Come in and see why they are your way of saving lots of money on flowers for your wedding or any event!

Yes, we used 20 exclamation points in that main article. We are just that excited it's opening weekend!!!!

And there's 5 more. We're really excited! Hopefully you are too!

With New Hours!
